

Primary protection goals

1. Enabling the distancing rules prevailing at the time
2. Traceability of contacts
3. Feasibility of the hygiene concept, especially the admission regulations

What applies to **visitors**? (As of 02/2022)

Admission requirements:

- Purchase of a ticket valid on the day of the event. Tickets are available in particular from the event's online shop.
- Fair admission for visitors if proof of 2G (Vaccinated or Recoverd) is provided.
Vaccinated = fully vaccinated as of 14 days after final vaccination, valid for a maximum of 9 months after basic immunization
Recovered = the currently valid government regulations apply here.

Children = up to the age of 14, a 2G check is not required for children.
Schoolchildren who are older than 14 years of age are then under the verification obligations!

Compulsory mask-wearing:

- The wearing of an FFP2 mask indoors is mandatory, except at tables
- In outdoor areas / open-air grounds: obligation to wear an FFP2 mask if the minimum distance cannot be maintained.
- In catering areas, the currently valid hygiene concept for the Bavarian catering industry applies.

Attention

- Children up to six years of age are exempt from the mask requirement.
- For guests from abroad: most digital certificates are recognised.
