

# VFA Forum interlift 2022 – Hall 2

Tuesday 26 April 2022	
02:00	<b>Italian standardization: modifications to existing Escalators and Moving Walks - UNI 10411-15:2018. An approach to modernization (E)</b> Luca Borgonovo, Elevatori Magazine (VFA), Milano/I, Stand: 7022
02:30	<b>Virus protection in lifts – possibilities and technical requirements for systems (D)</b> Dr.-Ing.Tobias Brendel, Ingenieurbüro Brendel (VFA), Hanover/DE, Stand: 2001
03:00	<b>A balancing act between conformity to standards, design, hygiene and digitalisation: Tableau solutions on the borderline between standard and practical requirements (D)</b> Frank Saalmüller, SCHAEFER (VFA), Sigmaringen/DE, Stand: 1020
03:30	<b>Sources for savings in remote control and predictive maintenance (E)</b> Esko Kilpinen, ModuSystems, Warsaw/PL, Stand: 2024
04:00	<b>Deflection pulleys in elevator construction – confidence and safety in and with Optimid® (D)</b> Lothar Sieber, Röchling Industrial (VFA), Xanten/DE, Stand: 1046
04:30	<b>Global Accessibility, Security &amp; Hygiene Standards for VHT Systems in public buildings - India Perspective (E)</b> Krishna Kumar, PAPL, Chennai/IN, Stand: Virgo/Hall 2
Wednesday 27 April 2022	
10:00	<b>Shaft ventilation, is it possible without it? (D)</b> Matthias Block, D+H Mechatronic AG (VFA), Ammersbek/DE
10:30	<b>The Indian Elevator Market (E)</b> TAK Mathews, TAK Consulting, Mumbai/IN
11:00	<b>The new Machinery Products Regulation and its impact on the Lift Industry (E)</b> Carsten Henriksen, Chairman Codes & Standards Committee and Luca Pezzini, General Secretary; ELA European Lift Association, Brussels/BE, Hall 2
11:30	<b>Improving lift safety of existing lifts (E)</b> Willem G. Kasteleijn, LiftInstituut, Amsterdam/NL, Stand: 3193
12:00	<b>New concepts for machine room-less lift systems (D)</b> Dr.-Ing. Andreas Hunscher, Schmersal Böhneke + Partner (VFA), Wuppertal/DE, Stand: 1053
12:30	<b>BIM process (VDI 2552 sheet 11.5) in today's business model and in the future (D)</b> Andreas Fleischmann/DigiPara, Frechen/DE; Anton Hulm/Schmitt + Sohn, Nuremberg/DE; Anna Merkle/Schindler Switzerland, Ebikon/CH; Andreas Pilot/AF-Architekten, Darmstadt/DE
01:30	<b>Codes and Standards with influence on the Lift Industry in Germany (D)</b> Franz Watzke, Expertenkreis Normen und Richtlinien des VFA-Interlift e.V., Hamburg/DE, Stand: 2001

02:00	<b>International Standardisation for Lifts – Current Status and Trends (E)</b> Esfandiar Gharibaan, KONE, Brussels/BE
02:30	<b>Development of the EN ISO 8100-1/2 Standards (D)</b> René Hermann, SCHINDLER Aufzüge, Ebikon/CH
03:00	<b>Elevator Cloud (E)</b> Hao Gao, STEP Sigriner Elektronik (VFA), Muhldorf am Inn/DE, Stand: 7013
03:30	<b>Education and training in the lift industry in Germany and Europe: ELA Committee Safety, Education and Training (D)</b> Andreas Hönnige, VFA-Akademie, Hamburg/DE, Stand: 2001
04:00	<b>Shortage of skilled workers in lift construction – how can this be countered? (D)</b> Udo Niggemeier, VFA-Akademie, Hamburg/DE, Stand: 2001
04:30	<b>Private Equity and The Emerging US Elevator Market (E)</b> Donald Gelestino, Champion Elevators, New York/USA; Dominik Sachsenheimer, Maven Group, New York/USA
05:00	<b>Barrier-free monuments – Colosseum in Rome (E)</b> Franca Borzaga, Metal Working, Pergine Valsugana/IT, Stand 5009

Thursday 28 April 2022	
10:00	<b>The digital medical record for lifts (D)</b> Ludwig von Busse, Simplifa (VFA), Berlin/DE
10:30	<b>Brexit Effects for the Lift Industry and First Experiences from the Perspective of a Notified Body (D)</b> Jonas Conrady, TÜV SÜD Industrie Service, Filderstadt/DE, Stand: 5053
11:00	<b>The German Elevator Market (D)</b> Achim Hütter, VFA-Interlift, Hamburg/DE, Stand: 2001
11:30	<b>Global Market Elevators and Escalators – Key Trends and Themes (E)</b> André Kukhnin, Crédit Suisse, London/UK
12:00	<b>Trends and Technologies in the Elevator Industry (D)</b> Wolfgang Adldinger, AD-LIFT service (VFA), Augsburg/DE, Stand: 2001
12:30	<b>The North American Elevator Market (E)</b> John Tolar, NAEC National Association of Elevator Contractors, Conyers, GA/USA
01:00	<b>VOCAL SUITE: the touchless voice-controlled home lift (E)</b> Elena Farina and Rachele Soffritti, NOVA, Crevalcore/I, Stand: 7039
01:30	<b>How to turn Lift data into gold (D)</b> N.N., DEKRA DIGITAL, Stuttgart/DE
02:00	<b>#WebYourElevator – new digital technologies (D)</b> Dietmar Lingner, Liwetec (VFA), Bobingen/DE, Stand: 7016
02:30	<b>PVS – The efficient software for product management (D)</b> Hari Karunarathnam, Brugg Lifting (VFA), Birr/CH, Stand: 5038
03:00	<b>Game Changer for Maintenance and Operation of Lifts – IoT based Predictive Maintenance is addressing urgent needs of the Lift Market (D)</b> Tim Ebeling, Henning (VFA), Schwelm/DE, Stand: 3101

03:30	<b>A smart platform for realtime results (E)</b> Ilias Matzarlis, KLEEMANN (VFA), Kilkis/GR, Stand: 1013
04:00	<b>Future-relevant challenges for the lift industry – determined on the basis of life cycle analyses of lift doors (D)</b> Isabell Lenz, Uni Augsburg, Augsburg/DE
04:30	<b>Lift industry in Turkey: capacity and opportunities at a glance (E)</b> Süleyman Özcan, Liftinstituut, Amsterdam/NL, Stand: 3193
05:00	<b>Special features of the Spanish and DE/AT/CH markets: product coordination through synergies and regional adaptation (D)</b> Martin Grabmayer, Raloe Deutschland, Ismaning/DE, Stand: 5061

Friday 29 April 2022	
10:00	<b>CANopen Lift – status and outlook (D)</b> Oskar Kaplun, CIA Can in Automation, Nuremberg/DE
10:30	<b>Why provide Vertical Doors on Freight Elevators (E)</b> Michael J. Ryan, PEELLE, New York/USA, Stand: 7017
11:00	<b>How can I secure my lift? Holistic approach for operators and manufacturers to prevent safety threats (D)</b> Katrin Schwickal, TÜV SÜD, Filderstadt/D, Stand: 5053
11:30	<b>Single worker protection – How do you safeguard an employee who works in an environment without mobile reception and Wi-Fi? (D)</b> Bodo Adamus, Bosch Service Solutions (VFA), Berlin/DE, Stand: 3104 Udo Niggemeier, ASIB Niggemeier (VFA), Weilerswist/DE, Stand: 2001
12:00	<b>Networking made easy (D)</b> Johannes Sigers, BUCHER Hydraulics (VFA), Neuheim/CH, Stand: 7044
12:30	<b>The development of the VdS protocol in the emergency call sector from the point of view of a manufacturer of components and services for lift emergency calls (D)</b> Frank Spickeneder, Telegärtner Elektronik (VFA), Crailsheim/DE, Stand: 5069
01:00	<b>Design and cost advantage due to lotus effect on stainless steel design sheets (D)</b> Bruno Rösch, RIMEX Metals, Weinstadt/DE, Stand: 2011

All lecture times include 20 minutes lecture + 5 minutes discussion time.  
(E) Presentation language English - simultaneous translation into German  
(D) Presentation language German - simultaneous translation into English

Each Forum guest will receive a pair of headphones, regardless of the source language of the presentations. The headphones are reliably disinfected and offer, in addition to the interpretation, a minimisation of external interference.

**Moderation team:**

Wolfgang Adldinger, AD-LIFT service  
Raimo Hätälä, H Consulting  
Volker Lenzner, VFA Academy  
Dr. Wolfram Vogel, GutAchten Vogel
