

VFA-Forum interlift '27

► Call for Papers

Contribute your expertise and help shape the presentation programme of interlift 2027!

From **12 to 15 October 2027**, VFA-Interlift e.V. – the Association for Lift Technology – will once again host its international presentation forum for exhibitors and visitors at the interlift trade fair. The fair takes place in Nuremberg.

We invite you to give a technical presentation of approximately 20 minutes, followed by an approximately 5-minute discussion. Presenting is free of charge.

Key topics:

1. International and European markets
2. International and European standards
3. New technologies & digital solutions
4. Modernisation in lift construction
5. New products and services

Please submit your presentation proposal online by **19 March 2027** using the following link:

► [Submit presentation proposal](#)

The Forum Committee reviews all submissions. By the end of June 2027, we will inform you whether your presentation has been accepted and outline the next steps. After the fair, the presentations will be published on the VFA website.
